1. PROLOGUE

The Formula 1® Esports Series is back for its 5th season with F1 Esports Series 2021 Qualification. Put your driving skills to the test and race against some of the best virtual drivers in the world using the official F1 2020 video game developed by Codemasters and earn your chance to become a Formula 1 Esports Champion!

This competition is open to anyone who is eligible to take part in accordance with this qualification rulebook ("Qualification Rulebook") (in particular, you will need a copy of the official F1™ 2020 game developed by Codemasters on PC, PlayStation 4 or Xbox One (the "Game") with either an Xbox Live, PlayStation Network or Steam account, and have gone through the online registration process). You are not eligible to participate if you are under 16 years of age at the time of entry.

The structure of the competition (in its entirety known as "F1 Esports Series") is set out at Section 2 of this Qualification Rulebook. The first round of the competition is the "2021 Qualification", comprising "F1 Esports Series Challengers Qualification" and "Time-trial Qualification" (in both cases open invite, subject to the terms of this Qualification Rulebook), "F1 Esports Series Challengers" (invite only) and "Time-trial" (invite only) (plus such other routes as F1 may opt to introduce ahead of the Pro Exhibition).

The 2021 Qualification shall determine qualifying participants to progress to the second round of the competition being the "Pro Exhibition". In addition to 2021 Qualification, Formula 1 may license "External Events", each offering qualification to the Pro Exhibition for the winner(s) of such events ("Regional Champions"). Formula 1 may also invite drivers to the Pro Exhibition who participated in the F1 Esports Pro Series 2020 based on performance criteria ("2020 Drivers") and from such other routes as F1 may introduce ahead of the Pro Exhibition ("Additional Drivers").

The Pro Exhibition shall provide the qualifying participants from 2021 Qualification with the chance to attend the Pro Exhibition and compete in a knockout competition (as referred to in Section 2), where they will join the Regional Champions, 2020 Drivers plus any Additional Drivers. Drivers attending the Pro Exhibition will race in an effort to impress one of the ten official F1 Esports Teams enough to be offered the chance to represent them in the third and final round of the F1 Esports Series, the "Pro Championship". Drivers who take part in the Pro Exhibition automatically become eligible to race for a Team in the Pro Championship. Please note, however, that eligibility to race in the Pro Exhibition and Pro Championship is subject to the terms of the rulebooks which govern those stages of competition (which shall be made available at <https://f1esports.com> in due course) and participation in the Pro Exhibition is in no way a guarantee of being offered a chance by a Team to race in the Pro Championship.

2. GENERAL STRUCTURE

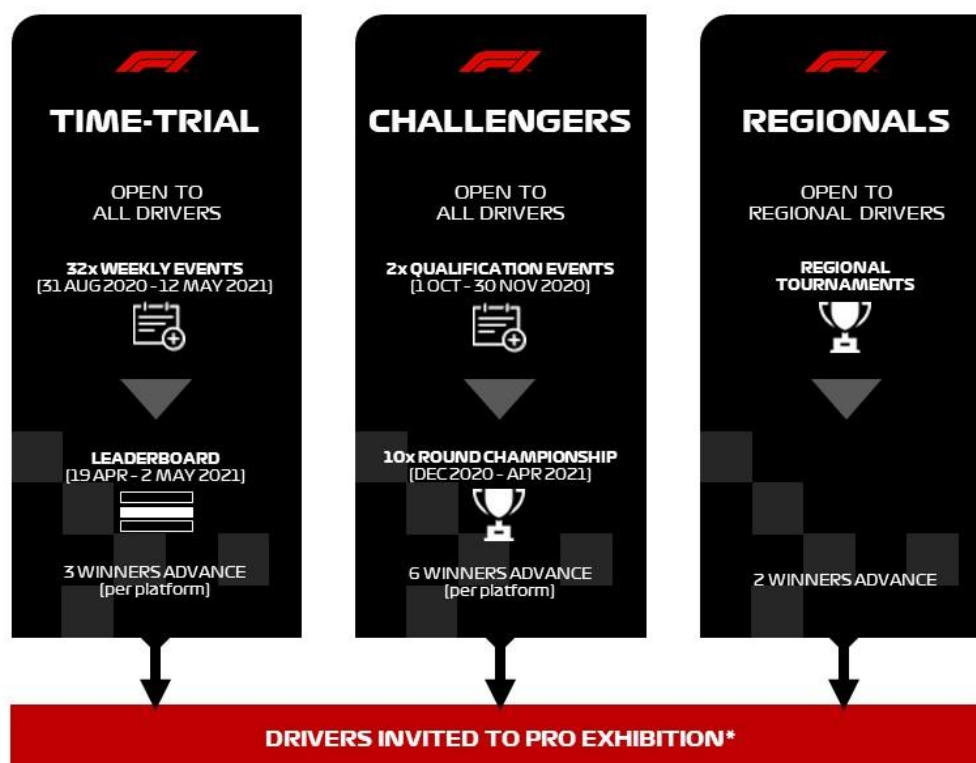

2.1. 2021 Qualification shall comprise six parts, as follows:

- a) F1 Esports Series Challengers Qualification, which shall determine 16 Drivers per Platform to progress to the F1 Esports Series Challengers;

EVENT	DATE	CAR / DRIVER	TRACK
1	1 – 31 Oct 2020	Mercedes, Bottas	Autodromo Nazionale Monza
2	1 – 30 Nov 2020	McLaren, Norris	Circuit of the Americas

(each a “Challengers Qualification Event”)

- 8.2. To participate in a Challengers Qualification Event, each Driver must start the Game on their chosen Platform. Once the Game has loaded into the main menu, the Driver must navigate to the ‘F1 Esports Series Challengers Qualifier’ which can be found in the ‘F1 Esports’ section. Drivers must enter the event on the Game to participate in the relevant Challengers Qualification Event.
- 8.3. Whilst participating in a Challengers Qualification Event, settings including car, circuit and track conditions shall be pre-determined. Each Driver shall be competing under the same track conditions against computer-controlled AI with the objective to record the best overall score. Drivers are permitted to use assist modifiers during Challengers Qualification Events however the use of assists will affect the drivers overall score (as detailed in Schedule 1).
- 8.4. A Driver’s score will be determined automatically (based on the criteria set out at Schedule 1 to this Qualification Rulebook) and the Driver shall be notified of his/her score on their playing screen when they finish each attempt.
- 8.5. Drivers shall be able to participate in the relevant Challengers Qualification Event between the respective dates (inclusive) only, as shown in column 2 of the table at Section 8.1 above (together the “Challengers Qualification Period”).

- 8.9. Drivers may only qualify for the Challengers on one Platform.
- 8.10. F1 Esports Pro Series 2020 drivers are not permitted to qualify for the Challengers.

- 8.11. In the event that a Driver ties on points with another Driver in a Challengers Qualification Event, the Driver who posted the score first will be considered higher placed.

It is strongly recommended that Drivers retain a video of their Challengers Qualification Event attempt in case the validity of their entry is challenged, however, Formula 1's decision shall be final.
- 8.13. A Driver's best score (together with all other participating Drivers' scores) will be viewable through the Website. If the Driver believes there is a genuine mistake in the points recorded on the Website, they may submit a query (together with supporting evidence) to Formula 1 (by emailing support@f1esports.com).
- 8.14. In Formula 1's sole determination and subject at all times to this Qualification Rulebook (including Section 5, Section 6 and Section 10), the following Drivers at the end of each Challengers Qualification Event shall progress from the respective event to the Challengers:
- the top 8 highest scoring Drivers using a PC;

- 8.15. Where a Driver declines or fails to respond to an invitation to the Challengers, or is unable to demonstrate to F1's satisfaction that they are willing and able to participate in the Challengers and meet all eligibility criteria, F1 reserves the right to replace such Driver with an alternative Driver based on skill and performance.

Invitations shall be sent approximately 15 minutes before the start of the respective session and Challengers Participants must accept their invitation in order to participate.
- 9.7. It is strongly recommended Challengers Participants restart their Game before joining a Lobby for better stability.

- 9.9. The Lobby settings for each Round of the Challengers will be configured as per Schedule 2, which includes a qualifying session followed by a race.
- 9.10. The Drivers' starting positions on the grid for the first race in the respective Challengers Event shall be determined by this qualifying session so that the Driver with the fastest Qualifying Time shall be given grid position 1, the Driver with the second fastest Qualifying Time shall be given grid position 2 and so on. In the event that more than one Driver sets the same Qualifying Time or fails to set a Qualifying Time then the relevant Drivers' grid positions shall be determined by the Game.

- 9.14. Challengers Participants may not participate in the Challengers on more than one Platform.
- 9.15. Unless wet or intermediate tyres are used during any given Challengers race, all Drivers must use at least two different specifications of dry-weather tyres in that race.
- 9.16. Re-joining a Round in the Challengers after a disconnection / game crash is forbidden unless instructed to do so by a F1 Esports Official. Challengers Participants found re-joining a Challengers lobby without authorisation may be penalised in accordance with the Handbook.
- 9.17. Any advantage gained that appears to result from a glitch or exploit may result in the relevant Challengers Participant being given a penalty and/or disqualification from the respective race. It is strongly recommended that participants retain a video of their Challengers race in case the validity of their entry is challenged, however Formula 1's decision shall be final.
- 9.18. Challengers Participants found to be in breach of any code of conduct or on-track rules may be penalised in accordance with the Participant's Handbook.
- 9.19. Finishing positions for all Challengers Participants will be viewable through the Website. - 9.20. Challengers Participants are free to use any in-game car setup they choose during any Round in the Challengers (in accordance with Schedule 2).
- 9.21. Following the conclusion of each Round in the Challengers, Drivers shall be awarded points depending upon their finishing position, as follows:

POSITION	POINTS

2	18
3	15
4	12
5	10
6	8
7	6
8	4
9	2
10	1

- 9.22. Following the conclusion of each Round in the Challengers, an additional one (1) point will be awarded to the Driver who set the fastest lap time during the race providing that Driver is in the top 10 positions in the final race classification for the respective Challengers race. Should there be a tie

- for the fastest lap time during the race, one point will be awarded to each Driver if each individual Driver is in the top 10 positions on the final race classification for the respective Challengers race.
- 9.23. Following the conclusion of each Round in the Challengers, Formula 1 may issue warnings and penalties (in accordance with the Participant's Handbook) for any rule breaking, which shall be reflected in the final race classifications and such warnings and penalties are final and are not open to appeal.
- 9.24. Following the conclusion of each Round in the Challengers, if a Challengers Participant feels that a rule has been broken (in accordance with the Participant's Handbook) which has not been noted in the final race classifications then a request to review the incident may be made by the Participant by submitting video evidence of the infringement to support@f1esports.com within 12 hours of the respective session end time.

- 9.27. In the event that a Driver ties on points with another Driver following the completion of all Rounds in the Challengers, the Driver whose aggregate number of race wins (i.e. the number of race wins from all completed Rounds in the Challengers combined) is greater will be considered higher-placed. If such aggregate number of race wins is the same then the Driver whose aggregate number of 2nd place finishes (i.e. the number of times the respective Driver finished in 2nd place in all completed Rounds in the Challengers combined) is greater will be considered higher-placed. If such aggregate number of 2nd place finishes is the same then the aggregate number of 3rd place finishes will be considered, and so on. In cases where two or more Drivers finish with the same aggregate placing after all finishing positions have been considered then the Driver who first achieved the highest race finish shall be considered higher-placed.
- 9.28. Challengers Participants are expected to take part in every Round of the Challengers. If a Challengers Participant is unable to take part in a given Round then they must notify Formula 1 (by emailing support@f1esports.com) at the earliest opportunity and at least 2 hours prior to the start of the respective Round. Any Challengers Participant who fails to notify Formula 1 that they intend to miss a race, or who misses any 3 Rounds of the Challengers, may be disqualified from the F1 Esports Series 2021. For the avoidance of doubt, if a Driver fails to participate in at least 80% of the Rounds in the Challengers then they forfeit their Challengers Points (plus any invitation to the Pro Exhibition), unless deemed otherwise by Formula 1 due to mitigating circumstances.

10. INTERNET SPEED TEST

- 10.1. Drivers who have qualified from a Challengers Qualification Event (in accordance with Section 8) must pass an internet speed test ("Internet Speed Test") before proceeding to the Challengers. To ensure parity across speed tests, all participants must use the same SpeedTest UK server – named 'Bradford

– Exa Networks’ (found at <http://www.speedtest.net>) - to obtain their internet speed (“Internet Speed Test Results”). The Internet Speed Test must be run on the same computer and internet connection as the Driver shall use for the Challengers.

- 10.2. Internet connections must have a ping of 175 or less to pass the Internet Speed Test.
- 10.3. Internet Speed Test Results must be emailed to support@f1esports.com and include a screenshot taken of the Driver’s Internet Speed Test Results. The deadline for submission is 6 hours before the respective session start-time.
- 10.4. Should a Driver change computer, internet connection, router, ISP or any other part of their setup change having submitted Internet Speed Test Results then that Driver must re-submit new Internet Speed Test Results with their new setup (in accordance with Section 10.1) before participating in the respective session.
- 10.5. Drivers with internet connections deemed insufficient for the purpose of the 2021 Qualification shall be refused participation in the Challengers and shall instead be permitted entry to the Time-trial (as described in Section 12).
- 10.6. Drivers who have qualified from a Challengers Qualification Event (in accordance with Section 8) and who have passed the Internet Speed Test in accordance with this Section 10 shall be notified via email (using the email address provided during registration or as otherwise communicated to Formula 1). It is the sole responsibility of the Driver to notify F1 during the F1 Esports Series if his or her e-mail address has changed. To do so, click on the ‘Support’ link on the Website, then follow the instructions.
- 10.7. If no response is received after F1 has made reasonable efforts to make contact with the Driver within a reasonable period of time, a Driver fails the Internet Speed Test or a Driver declines or fails to attend the Challengers, or proceed in the F1 Esports Series, Formula 1 reserves the right to award the Driver with the next highest finishing position and who passes the Internet Speed Test to proceed to the Challengers and so on, respectively until the requisite number of participants has been achieved.

(each a "Time-trial Qualification Event").

- 11.2. To participate in a Time-trial Qualification Event, each Driver must start the Game on their chosen Platform. Once the Game has loaded into the main menu, the Driver must navigate to the 'Weekly Event' which can be found in the 'Multiplayer' section. Drivers must enter the event on the Game to participate in the relevant Time-trial Qualification Event.
- 11.3. Whilst participating in a Time-trial Qualification Event, settings including car, circuit and track conditions shall be pre-determined. Each Driver shall be competing under the same track conditions against computer-controlled AI with the objective to record the best overall score. Drivers are permitted to use assist modifiers during Time-trial Qualification Events, however, the use of assists will affect the drivers overall score (as detailed in Schedule 1).
- 11.4. A Driver's score will be determined automatically (based on the criteria set out at Schedule 1 to this Qualification Rulebook) and the Driver shall be notified of his/her score on their playing screen when they finish each Time-trial Qualification Event.
- 11.5. Drivers shall be able to participate in the relevant Time-trial Qualification Event but only between the respective dates (inclusive) for that Time-trial Qualification Event shown in columns 2 and 3 of the table at Section 11.1 above (together the "Time-trial Qualification Period").
- 11.6. Each Time-trial Qualification Event shall be a separate route to the Time-trial and, subject to the terms of this Qualification Rulebook (including Section 5 and Section 6), Drivers can progress from any Time-trial Qualification Event.
- 11.7. Each Driver shall be able to participate in one or more Time-trial Qualification Event(s) and on as many occasions as he or she desires and on one or more platforms during the Time-trial Qualification Period.
- 11.8. A Driver will only receive one invitation for the Time-trial (via the first Time-trial Qualification Event they qualify from), with multiple Time-trial qualification entries discounted.
- 11.9. Drivers who have already been invited to the Pro Exhibition, as well as all F1 Esports Pro Series 2020 drivers, are not permitted to qualify for the Time-trial and shall have any entries discounted.
- 11.10. In the event that a Driver ties on points with another Driver in a Time-trial Qualification Event, the Driver who posted the score first will be considered higher-placed.
- 11.11. Any points allocations that appear to result from a glitch or exploit will be declared void by Formula 1. It is strongly recommended that Drivers retain a video of their Time-trial Qualification Event attempt in case the validity of their entry is challenged, however Formula 1's decision shall be final.
- 11.12. A Driver's best score (together with all other participating Drivers' scores) will be viewable through the Website. If the Driver (acting reasonably) believes there is a genuine mistake in the points recorded on the Website they may submit a query (together with supporting evidence) to Formula 1 (by emailing support@f1esports.com) who shall investigate (providing they consider such query to be credible) to determine whether or not a mistake has been made.
- 11.13. In Formula 1's sole determination and subject at all times to this Qualification Rulebook (including Section 5 and Section 6), the following Drivers at the end of Time-trial Qualification shall progress to the Time-trial:
 - a) the highest scoring Driver from each Time-trial Qualification Event using a PC (32 in total);

- b) the highest scoring Driver from each Time-trial Qualification Event using a PlayStation 4 (32 in total); and
- c) the highest scoring Driver from each Time-trial Qualification Event using an Xbox One (32 in total).

12. TIME-TRIAL

12.1. The Time-trial is open to the following:

- a) Drivers who achieve a top 8 score in a Challengers Qualification Event but who fail the Internet Speed Test (in accordance with Section 10);
- b) Drivers who qualify via a Time-trial Qualification Event (in accordance with Section 11); and
- c) any Driver invited to participate by Formula 1 whether as a result of activations and/or activities operated by Formula 1 (or its partners) or otherwise (but who has demonstrated sufficient skill and proficiency to Formula 1 in its sole discretion),
(each a "Time-trial Participant").

12.2. Any drivers who has already qualified or been invited to the Pro Exhibition (via 2021 Qualification or otherwise) shall not be permitted to participate in the Time-trial.

12.3. Drivers may participate in the Time-trial on one Platform only.

12.4. Formula 1 shall contact each Time-trial Participant in advance of the Time-trial. To participate in the Time-trial, each Time-trial Participant must start the Game (on their chosen platform). Once the Game has loaded onto the main menu, the Time-trial Participant must navigate to 'Time Trial' which can be found under 'Solo'. In the sub menu, each Time-trial Participant must select "Modern F1 Cars", then use the car detailed in Section 12.7. Once the car is selected, a Time-trial Participant must navigate to the required tracks and then Select "Dry". Time-trial Participants must start the "Time Trial" mode to participate in the Time-trial.

12.5. Whilst participating in the Time-trial, settings including circuit and conditions need to be set to those defined in Section 12.6 and video evidence must be obtained ensuring the items mentioned in Section 12.8 are visible throughout. This will ensure each Time-trial Participant shall be competing under exactly the same track conditions and car settings, with the objective to record the best lap time.

12.6. Settings must be as follows:

- a) Era = Modern F1 Cars
- b) Car = TBC
- c) Assists = None
- d) Weather = Clear / Dry
- e) Time of Day = Official
- f) Track = TBC

12.7. The Time-trial shall provisionally run as follows (final dates, times and track of the Time-trial shall be communicated to Time-trial Participants when reasonably practicable):

DATE	TRACK	CAR
------	-------	-----

19 Apr 2021 – 2 May 2021

TBC

Mercedes AMG Petronas

12.8. Time-trial Participants must submit recorded footage of their fastest lap. Participants shall follow these requirements when recording footage of their respective lap:

- a) Gamertag and live timing need to be viewable during the entirety of the lap.
- b) Gamertag must be the same gamertag used to register on the Website and that may race in the F1 Esports Series.
- c) Lap time must be viewable at the end of the lap.
- d) It is not permitted to record the in-game replay of the lap.

12.9. Each Time-trial Participant must also submit a screenshot of their lap time, taken from the end-of-session screen (i.e. when they are notified of their lap time on the playing screen when they finish the event - not the leaderboard screen), similar to the example image below. Time-trial Participants must ensure to include the full screen in the image, and that the username, session best lap time, and the icons for assists used, are clearly visible.

12.11. Times set outside of the Time-trial event window will not be accepted.

12.12. Any lap time set that appears to benefit from a glitch or exploit will be declared void by Formula 1. It is strongly recommended that Time-trial Participants retain the video of their lap attempt in case the validity of their entry is challenged, however Formula 1's decision shall be final.

- 12.13. In Formula 1's sole determination, the three (3) Time-trial Participants with the quickest lap times on each Platform shall be invited to the Pro Exhibition (9 Drivers in total).

In the event that a Time-trial Participant ties on Lap Time with another Time-trial Participant, the Time-trial Participant who submitted their fastest lap time first will be considered higher-placed.

13. PRO EXHIBITION QUALIFICATION

13.1. The following Drivers shall be invited to the Pro Exhibition:

- d) any Additional Drivers.

(each a "Pro Exhibition Qualifier" and together the "Pro Exhibition Qualifiers")

It is the sole responsibility of the Pro Exhibition Qualifier to notify Formula 1 during the F1 Esports Series if his or her e-mail address has changed. To do so, click on the 'Support' link on the Website and follow the instructions. Online Qualifiers should also notify Formula 1 by emailing support@f1esports.com.

13.3. If no response is received after Formula 1 has made reasonable efforts to make contact with the Pro Exhibition Qualifier and within a reasonable period of time, or a Pro Exhibition Qualifier declines or fails to attend the Pro Exhibition or proceed in the F1 Esports Series, Formula 1 reserves the right to award the Driver with the next highest finishing position to proceed to the Pro Exhibition and so on, respectively until the requisite number of participants for the Pro Exhibition has been achieved.

13.4. Pro Exhibition Qualifiers shall be joined in the Pro Exhibition by a number of the lowest finishing drivers from the F1 Esports Pro Series 2020 Driver Standings (subject to the terms of the Pro Series 2020 rulebook and the Pro Exhibition rulebook). All Pro Exhibition Qualifiers who attend and participate in the Pro Exhibition (subject to the terms of the Pro Exhibition rulebook) shall be granted eligibility to represent an official F1 Esports team in the Pro Championship 2021 (however there is no guarantee of being offered the chance by a team to represent them in the Pro Championship).

Should a Pro Series 2020 driver refuse an invitation to the Pro Exhibition (or fail to participate in accordance with the Pro Exhibition rulebook) then their eligibility for the Pro Championship 2021 shall be revoked, unless deemed otherwise appropriate by Formula 1 based on mitigating circumstances.

14. CONDITIONS OF PARTICIPATION

- 14.1. By registering (if applicable) and participating in the F1 Esports Series, Drivers agree and consent to the use and reproduction by or on behalf of Formula 1 of their name, voice, still and moving (including photographic) images and/or comments relating to the F1 Esports Series without limitation for such promotional, merchandising, marketing and publicity purposes of Formula 1 in any and all media worldwide without notice to them and without any fee being paid to them and further agree to take part in such media, marketing and publicity requirements of Formula 1 relating to the F1 Esports Series (acting reasonably).
